HACK OVERFLOW

SPONSORSHIP PROSPECTUS

Hack Overflow

ABOUT US

HackOverflow is a high school hackathon organized by Bay Area high school students, occurring over summer 2020. We're inviting students from all over the Bay Area to come together and build innovative projects over a period of seven days. Students will experience a week full of events designed to enhance their knowledge and showcase their skills through all aspects of programming. As a sponsor, you will be granted a first-hand look at the creative process and meet the talented minds behind it.

WHY SPONSOR?

Our sponsors will have an amazing opportunity to connect and hob nob with our talented participants. Your company as a whole will be able to reach out to these students to advertise your products via promotion on our website and workshops. The resources you provide during the hackathon will greatly influence what projects will look, especially through what tools they utilize (e.g. specialized APIs and libraries). Furthermore, company recruiters will be given the opportunity to scout potential candidates for internships and jobs.

SPONSOR

HOW CAN YOU HELP?

For HackOverflow, there is a multitude of opportunities for you to help out! You can donate money directly to our organization, which will enable us to ensure that our participants are provided with everything they need to churn out their best projects. Even if you do not prefer to spend money, don't fret! You can still aid our students out during the hackathon by presenting speeches and online workshops, or by providing amenities and resources such as certain APIs and libraries.

INTERESTED?

If you are interested, please to send us an email at sponsor@hackoverflow.com

If you have any questions, comments or concerns regarding the sponsorship tiers, please do not hesitate to let us know.

Even though we have pre-determined sponsorship tiers, we are open to negotiate a custom plan that best suits your company's wishes.
